ABOUT

We understand that every business has its Accounting and Bookkeeping methods to support their business. To welcome this, Rayvat has accounts outsourcing services to meet each industry's unique needs and requirements.

Accounts outsourcing services offered by Rayvat will help you to identify the financial indicators and performance readily, enabling you to make the right decisions at the right time.

Become Profitable

We help businesses develop their overall revenue by no less than 10%. One of our current clients has seen a development rate of 75% in the course of recent months.

Save Time

We help business visionaries spare a normal of 230.4 hours a year on their bookkeeping and printed material undertakings. Most business people spend around 6 hours seven days on these undertakings and we get 80% of that off your plate.

Expand Cash

We help businesses augment their cash. By and large, our clients free up \$20,000 a year in expenses. They can likewise get day by day, week by week or monthly reports to settle on better cash decisions.

Enhance Collections

We at Rayvat help businesses increase their collection rates by 30% through enhanced invoicing, documentation, and collection followups.

Services

Rayvat is one place where you will find the best Accounting Services for all kinds of business. We design, construct and take care of your financial needs as well. As far as our clients are concerned, we have a global reach and have customers across the globe.

We are an innovative outsourcing company with a difference and our services and business model includes all types of outsourced accounting services.

Our team of financial advisers has their accounting concepts crystal clear and they simply love numbers. They also understand the importance of submitting reports on time and will surely meet the deadline. You can opt for our trial run in order to get an idea about the good quality work that we do.

PROCESS

STAGE 1

- You fill the inquiry form: We have an easy to fill form to allow us to get your details for faster and easier communication.
- The client relations team calls or emails you: We have a team working around the clock and we guarantee the fastest response after you contact us.

STAGE 2

- Understanding of requirements
- Ballpark estimate
- Proposal: our team prepares and presents a comprehensive proposal for the project based on the client's request.
- Approval to go ahead: After submitting the proposal, our team will discuss it with the client and if approved, it is all system go.

STAGE 3

- Confirm pricing: We appreciate that pricing is the most sensitive issue in outsourcing and that's why we advise our clients to understand all the details.
- Contracting & SLA sign-off: Once the pricing and all other aspects of engagement including SLA have been sorted, our team and the client sign the contract.

STAGE 4

- Resource deployment & training: Once the contract signing is complete, we commence on resource mobilization and deployment to ensure everything needed is in place.
- Project kick-off meeting: after training, we organize a project-kick-off meeting with every one who shall be working on this project.

STAGE 5

- Project execution & management: We start work on the project with a goal to achieve the objectives set by the team. Our team is highly experienced in financial projects, and we use our expertise to ensure everything moves like clockwork.
- On-going reporting & feedback: As the project continues, we use the identified channels for real-time reporting and feedback with the client.

SOFTWARE PROFICIENCY

In an environment of rapid change, every company need an accounting firm that understands new technologies or software and the marketplace conditions that create them.

We at RAYVAT can help you cope with these challenges, our team of experts are well trained and updated with recent cloud based systems and can provide the best expected services using same.

Client Testimonials

The team at Rayvat quickly and efficiently researched large amounts of data and was able to provide results that were clear and organized. This reduced much of my workload and gave me the comfort of the accounting adjustments I needed to make to have accurate financial statements.

- Jason Matich

The professionals at Rayvat really took the time to understand our business and its unique needs. They created a personalized accounts plan that helped streamline our business processes and prepare us for the future. We really appreciate the time they dedicated to helping our company move forward.

- Amy Thomson

It was difficult to find a trust worthy accountant for our unique business, but well worth the wait. We've worked with Rayvat for several years and trusted their team with us, they provided consistent quality service, helping our business to find loop holes and solve problems.

- Gabriel Jones
